DR MORSE'S
INDIAN ROOT PILLS

Dr. Morse's Indian Root Pills ARE BASED ON A SOUND FORMULA

IT is the fashion among certain sections of the community to sneer at Proprietary Medicines, but in many cases there is considerable self-interest behind the sneer. In spite of this attempt to discredit all Proprietary Medicines, thousands of people are using, for instance, Dr. Morse's Indian Root Pills, and get just the results they are looking for, and no amount of sneering and attempts to discredit them can alter the opinion of people who know by experience that they are a valuable, useful, and effective medicine, and at a fraction of what it would cost to be running to a doctor or chemist. These Pills are based on a sound formula and produced by men of experience. There is nothing known about Pills that they do not know, there is no ingredient that is known to be effective for the Liver, for aiding Digestion, and purifying the Blood that they do not know. It is their business to know. They not only know these ingredients, but they know how to compound them so as to secure the highest effiacy. Just as any cake, omelet, or any article of food can be hopelessly spoiled because the cook is incompetent, and even when given the best materials absolutely fails to make an eatable article, when another cook, using the same materials, accomplishes a result that is a delight. So it is in compounding drugs, only even to a greater degree. The ingredients used in producing Dr. Morse's Indian Root Pills are of the highest standard, and they are selected to produce the best results, and in proportions to doubly secure this.

THE PERFECT REMEDY

FOR all complaints arising from a disordered Stomach, Liver and Kidneys Dr. Morse's Indian Root Pills are without equal, and they are the Perfect Remedy in all Female Ailments. They are not advertised as a great "Cure All," but as a Safe, Sure and Reliable Remedy for the Little Ills of Life, for which they are unexcelled. People who eat and drink too much, or get their systems upset from any other cause, need a medicine of this kind to keep the digestive track in proper working order. Many serious illnesses are avoided by keeping such a simple remedy at hand, and once or twice a week taking a dose sufficient to cleanse and tone the system. This is the secret of good health in Man, Woman, and Child, and anyone failing to recognise this simple fact runs a serious risk of contracting any of the dreaded complaints so common. The old saying, "An ounce of prevention is worth a pound of cure," was never more aptly to the point. Dr. Morse's Indian Root Pills are based on a good sound formula and are in use by thousands of people. They get at the cause as no other remedy does, regulating, toning and strengthening the whole system. As a searching, cleansing remedy these Pills are unexcelled, and once tried they are found so efficient in overcoming Stomach Troubles, Constipation, Sick Headache, Indigestion, and Liver Complaints that they are constantly used, and always with the most gratifying results. Neighbours, friends, and relatives all testify to the marvellous Cleansing and Purifying properties of these Pills, and their ever-increasing sale bears testimony to their splendid efficacy.

DR. MORSE'S INDIAN ROOT PILLS ARE PURELY VEGETABLE

DR. MORSE'S INDIAN ROOT PILLS are a purely vegetable preparation, carefully compounded, with the ingredients in such quantities and proportions that make them unexcelled as a remedy for all Stomach and Liver Troubles. There need be no fear on the part of anyone who has ever used this remedy that they are taking mineral poison into their system unawares. Under the various Pure Food and Drug Acts in force in different countries of the world, a Guarantee is given by the Proprietors that no such poison is used, and Dr. Morse's Indian Root Pills can be taken with absolute confidence that they are, as claimed, PURELY VEGETABLE. Some people are always sceptical about a Proprietary Medicine, but does it not stand to reason that it costs as much for machinery and labour to produce a poor pill as a good one? In one case satisfaction is given because the article is good, and in the other dissatisfaction because it is valueless. Dr. Morse's Indian Root Pills are a good Pill in every sense of the word, a fact that is abundantly proved by the thousands who continue to use them, year after year, as their sole remedy for all the Little Ills of Life. They are prepared under the best possible conditions, and there is no better Pill made in this or any other country for Biliousness, Constipation, Liver and Kidney Troubles, etc. The care taken in the production of these Pills is illustrated by the manner in which they are packed. Instead of being put up in cheap wooden boxes—that absorb poisonous and other substances—they are packed in glass bottles at a cost of five or six times that of wooden boxes. The extra cost is more than made up in the satisfaction of knowing that the Pills reach the public just as they left the laboratory, unaffected by moisture or climatic changes, and free from contamination by contact with foreign matter. DR. MORSE'S INDIAN ROOT PILLS are a purely vegetable sugar-coated medicinal preparation, carefully compounded by experts, and are manufactured on the premises under the direct supervision of the Proprietors.

RHEUMATISM, THROUGH EXPOSURE TO BAD WEATHER.

66, CHAPMAN STREET, HEATON,
NEWCASTLE-ON-TYNE.

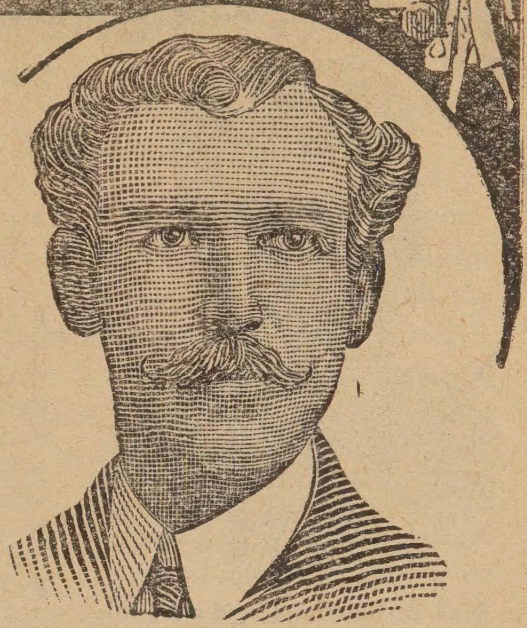
DEAR SIRS,

Without exaggeration, Dr. Morse's Indian Root Pills are the finest pills I ever tried for Rheumatism. I work in a shipyard, where I am daily exposed to changeable weather, and at certain periods I would suffer tortures. I was persuaded by some of my friends to try Dr. Morse's Indian Root Pills, as they had known of similar cases benefiting by a course of treatment. I am happy to say in following their advice I have found their statement correct, for I have found such relief that I decided you should be acquainted of the fact.

Yours truly, EDWARD ALLAN.

WEAK STOMACH

A Stockport man's Experience



Caused by Liver and Kidney Troubles.

IT is usually on someone's advice that Dr. Morse's Indian Root Pills are first tried. They do their work so well that once tried they are sure to be continually used afterwards, as well as recommended to others. This remedy was brought to the attention of Mr. Nicholson by his landlady, and, after receiving most satisfactory results, he now always uses them when out of sorts, and continually recommends them to his friends. Mr. Nicholson writes as follows:—

Mr. Nicholson (from a photo).

97, CHATHAM STREET,
EDGELEY, STOCKPORT.

DEAR SIRS,

I would like to let you know of the benefit that I have received from Dr. Morse's Indian Root Pills. I have been a sufferer for three years from Liver and Kidney Troubles, and have tried all kinds of medicines to cure me, but they failed to even give me any relief. What with the pains in my head, back, and sides, I could scarcely stand, and all the food that I ate, I could not keep it on my stomach; I would have to go out in the yard and vomit it all up a few minutes after I left the table, until my landlady advised me to try your Pills, which I did. She got me a bottle, and before I had taken three parts of them the pains in my head had gone, and I can eat like a horse now without being sick, and the pains in my back and sides are a great deal easier, in fact, they are almost gone.

I am a traveller, and have to cover a great deal of ground in my work, so you will see how pleased I am at the benefit I have received from Dr. Morse's Indian Root Pills. You may make what use you like of this for the benefit of the public.

I am, yours truly,

(Signed) J. H. NICHOLSON.

HIGHLY RECOMMENDED.

62, COMMERCIAL STREET,
NORTON, MALTON, YORK.

DEAR SIRS,

I wish to write and tell you of your Pills, what good they have done me. I suffer from Headache. I sent for a sample, and they have done me a lot of good. I have got another bottle. I shall recommend them to my friends. I would not be without them.

MISS POLLY DOUTHWAITE.

Says they should be added to list of WORLD'S WONDERS

Mrs. E. Westing (from a photo).

London Woman's Emphatic Endorsement of Dr. Morse's Indian Root Pills.

5, PALMERSTON BUILDINGS,
CITY GARDEN ROW,
LONDON, N.

GENTLEMEN,

I feel I should be lacking in duty if I failed to write and convey to you my heartfelt gratitude for no less a favour than that you have proved to me that life is worth living. For years I was haunted by the evils of Constipation and Indigestion, for years I wasted money, which I could ill afford, on other remedies, only to be forced to the conclusion that there is one cure only, namely, Dr. Morse's Indian Root Pills. I live now with one regret, that I did not find them before. I say from the bottom of a grateful heart that they ought to be added to the list of the World's Wonders, for their cures are truly miracles.

Yours very gratefully, MRS. E. WESTING.

A GREAT FEMALE MEDICINE.

DR. MORSE'S INDIAN ROOT PILLS are frequently prescribed for the many ailments peculiar to the female sex, for the very reason that these Pills are purely vegetable, mild in their action, and effective as a laxative and cleanser of the whole system.

At the age of puberty, when every girl should be made aware of Nature's laws, much pain and distress may be obviated by a short course of these Pills prior to the first visitation, and at subsequent periods when regularity is so essential to health.

During pregnancy they may be safely recommended (care being taken to limit the dose), and will undoubtedly have a most beneficial effect upon the mother and her offspring. And when the cessation of the periodical visitations shall occur, and women pass through that change—the Turn of Life—much of the anxiety may be averted and the subsequent state of health will benefit by the timely use of these Pills.

Throughout the many stages of woman's life, from peevish girlhood, through womanhood, motherhood, to the declining years of old age, there is no better, milder, or more effective medical companion to womenfolk than Dr. Morse's Indian Root Pills. They promote healthy and regular visitations, dry debilitating drains, heal inflammations and ulceration, and cure all womanly weaknesses, cleansing and restoring the Bowels, Liver, and Kidneys to perfect working order. A few doses occasionally, when well, will assure a pure and healthy system.

55, WHITMORE STREET, SHELTON, STOKE-ON-TRENT.

GENTLEMEN,

I have much pleasure in letting you know that I have taken several bottles of your Dr. Morse's Indian Root Pills whilst carrying my last baby, and they did me more good than any others that I had tried before, and whenever I feel at all out of sorts I always take them. I am also pleased to say that my sister-in-law and brother, who live in Macclesfield, value them very much, having taken them for over four years, and would not be without them. I have recommended them to all my neighbours.

MRS. B. LEA.

THE BLOOD IS THE LIFE OF THE FLESH

Dr. Morse's Indian Root Pills—What they are and what they do. Their Four Principal Ingredients.

IT is an established fact that all diseases spring from one source, namely, Impurity of the Blood. Therefore our strength, health, and life depend upon the vital fluid. When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased, thus causing pains, sickness, and distress of every name; our strength is exhausted; and if Nature is not assisted in throwing off the stagnant humours, the blood will become choked, and cease to act, and thus our light of life will be extinguished. How important, then, that we should keep the various passages of the body free and open, and if assistance is necessary to have at hand that invaluable remedy, Dr. Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountain cliffs in Nature's garden, for the health and recovery of diseased man.

One of the roots from which these Pills are made is a SUDORIFIC, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within.

The second is a plant which is an EXPECTORANT that opens and unclogs the passages to the lungs, and thus in a soothing manner performs its duty by throwing off the phlegm and other humours from the lungs by copious spitting.

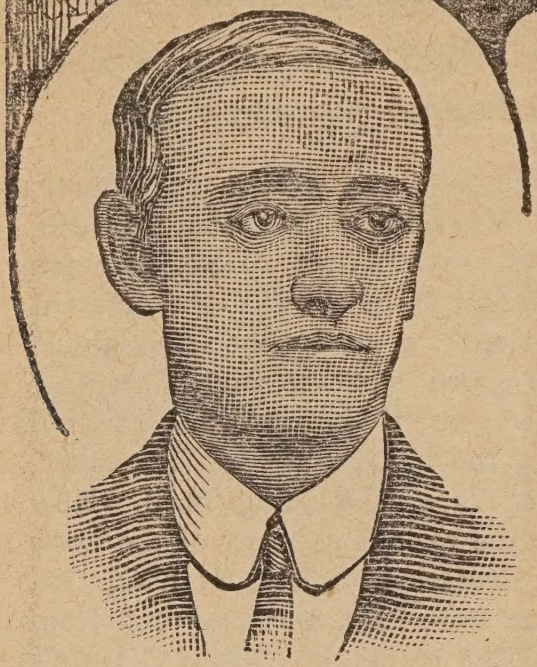
The third is a DIURETIC, which gives ease and double strength to the Kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is thrown out bountifully by the urinary or water passages, and which could not have been discharged in any other way.

The fourth is a CATHARTIC, and accompanies the other properties of the Pills while engaged in purifying the blood, and the coarser particles of impurity which cannot pass by the other outlets are thus taken up and conveyed off in large quantities by the bowels.

From the foregoing it is shown that Dr. Morse's Indian Root Pills not only enter the stomach but become united with the blood, for they find their way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain are driven from the system, for they cannot remain when the body becomes pure and clean.

POISONED BLOOD

NO REST SUMMER OR WINTER



Mr. Arthur Ridley (from a photo).

Astonishing Result from taking Dr. Morse's Indian Root Pills.

THE searching and cleansing properties of Dr. Morse's Indian Root Pills are well-known to many people who are constantly using them, but the result of taking a few bottles of this remedy was a source of astonishment, as well as satisfaction, to the gentleman whose statement appears below. This statement is voluntarily given, and in plain, clear language states how, other remedies having failed, Dr. Morse's Indian Root Pills were tried, with the most gratifying results. The experience of Mr. Ridley is the same as that of thousands who, after trying many so-called cures without deriving any benefit, try Dr. Morse's Indian Root Pills and obtain the greatest benefit from their use.

27, CHANCEL STREET, KIRKDALE, LIVERPOOL.

DEAR SIRS,

In writing this to you, I wish you to know what I owe to your wonderful Indian Root Pills. The last few years I suffered from Blood Poison, which affected my health to a great extent. The cold winds of winter used to make my skin quite sore, and in summer I could hardly rest at nights, through the over-heated state of the blood. I tried many Blood Mixtures and Pills, but was unable to find that satisfaction which I expected. It was through glancing at one of your acceptable books that I decided to try Dr. Morse's Indian Root Pills, and can truthfully say that the result has been astonishing, the marked change also being noticed by my friends. Being employed as a canvasser for a well-known firm, my duties often take me from town to town, and I shall certainly recommend them wherever I am, which they richly deserve to be. You may use this if you think it will be to your advantage, and am also sending along photo.

Gratefully yours,

(Signed) ARTHUR RIDLEY.

This is the genuine statement of a man who has from personal experience found Dr. Morse's Indian Root Pills most effective as a blood purifying, cleansing, searching remedy. These Pills purify the blood because they tone the stomach and aid in the digestion and assimilation of food.

CONSTIPATION

CONSTIPATION is the root of nine-tenths of the sickness of both men and women. It's a simple thing of itself, but, like many simple things, it may grow and become complicated. When the bowels are clogged, the waste matter decays and ferments and enters the Blood, and is carried to all parts of the body, producing Headaches, Biliousness, Sleeplessness, Heartburn, Loss of Appetite, Indigestion, Neuralgia, Rheumatism, and various other ailments disturbing the Heart and Nervous System, and if continued is liable to cause Inflammation of the Bowels, Liver and Kidneys.

To maintain a healthy system, the bowels should operate at least once every 24 hours. This is one of Nature's wise provisions which is too often ignored, and the result is untold suffering. Women and children are the greatest offenders, but why such should be the case is a problem to be solved. Nature often requires a little assistance, and if this assistance is given at the first indication, much distress and suffering may be averted. Mothers, especially, should guard the health of their children, and inculcate regular habits from infancy.

As a family remedy for Costiveness, Dr. Morse's Indian Root Pills have a wide reputation. They are mild in their action, causing neither weakness nor sickness, and do not gripe.

To overcome Constipation take from one to four Pills regularly until the Bowels move daily, and are restored to healthy action.

TRIED MANY REMEDIES.

Honestly says Dr. Morse's Indian Root Pills have done more good than any remedy ever tried.

AGAIN and again people write telling of the disheartening results of so-called remedies tried, and the marvellous results obtained from Dr. Morse's Indian Root Pills. The statement published below is one of this kind. Cascara Sagrada and other remedies having failed, Dr. Morse's Indian Root Pills were tried, and only half a bottle proved their magnificent qualities. It only requires a test to prove all that this lady found out. No remedy ever offered to the public has been so uniformly successful in correcting all disorders arising from the imperfect digestion of food or from Liver or Kidney complaints.

45, GRAHAM ROAD, WEST GREEN,
SOUTH TOTTENHAM, LONDON, N.

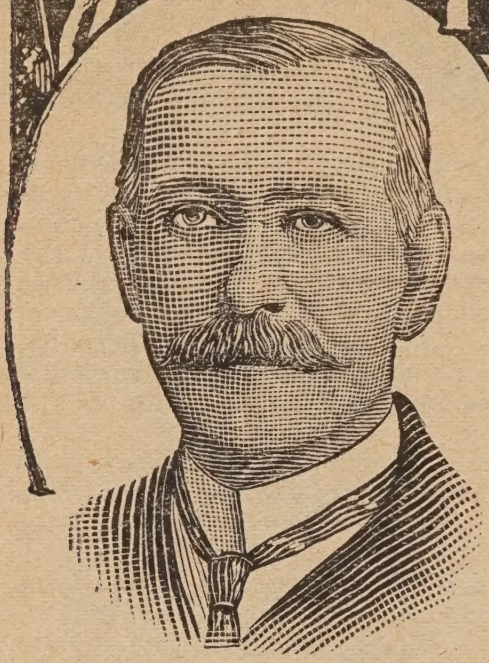
DEAR SIR,

I have suffered for many years from Constipation, and have tried practically every known remedy, including Cascara Sagrada, which is recognised to be the best remedy, but even this has failed. My neighbour kindly recommended your Indian Root Pills to me, and I have purchased a bottle. Although I have only taken little more than half of them, I can honestly say they have done me more good than anything else I have tried before. I shall always keep some in the house, and shall not fail to recommend them wherever possible. You can make use of this letter if you wish as a testimonial.

Yours respectfully, (Signed) MRS. G. BARTLETT.

TORPID LIVER

A Liverpool man's praises



Mr. Ridley (from a photo).

THERE is no complaint that Dr. Morse's Indian Root Pills are so effective for as Torpid Liver. They are the best remedy that money, skill and science can produce for this distressing disorder, which is the cause of so much human suffering, for nine-tenths of all diseases arise from an Inactive Liver. Mr. Ridley, whose testimonial appears below, is a firm believer in the splendid efficacy of this remedy for all Liver ailments.

11, CHELMSFORD STREET,
KIRKDALE, LIVERPOOL.

GENTLEMEN,

Being recommended to take your Dr. Morse's Indian Root Pills for my complaint, I am now in the happy position to say they have done me a great amount of good. For a lengthy period I suffered much from a torpid liver and backache, and when I tell you I am employed as a stoker, you will guess what annoyance I was subject to. Having the pleasure of such favourable results through the agency of Dr. Morse's Indian Root Pills, I think it is only fair you should know that in my case they have accomplished what you claim them to be, "a good corrective for the liver." Wishing you every success.

Yours sincerely,
(Signed) WM. RIDLEY.

BILIOUSNESS.

Used them for Years with Great Satisfaction.

"Nothing would induce me to be without your Dr. Morse's Indian Root Pills," says **Mrs. Mary Green, of St. James' Green, Thirsk, Yorks.** "I have taken them now for years, and found them a ready cure for Biliousness and Sick Headaches. I was a great sufferer from both, but by taking Dr. Morse's Indian Root Pills I soon discovered that I was able to rid myself of those troublesome complaints."

REAL BENEFIT

Derived by taking Dr. Morse's Indian Root Pills.
Suffered for Years from Rheumatism.

"After trying numerous Patent Medicines," writes **Mrs. Ann Laverick, of 12, Francis Street, Silksworth, Durham,** "also being in the hands of Doctors, it is a pleasure to me to testify to the efficacy of Dr. Morse's Indian Root Pills. I have been a sufferer from Rheumatism for the past nine years, and, as above stated, the only real benefit I have received was by taking a course of Dr. Morse's Indian Root Pills; and I find that by continuing with them I am getting much better daily."

WHAT EVERY WOMAN KNOWS

EVERY woman knows that clean bread cannot be made with foul hands, neither can a house be kept tidy without constant attention. So it is with the human system. Pure blood cannot be made from a foul stomach and deranged digestion. The body needs the same care and attention to keep it clean as the good housewife knows is necessary to keep the home clean and in order. It is not enough to keep clean on the outside, but on the inside as well, and many people entirely neglect themselves in this important matter, which is so necessary to their general health. Many women know the pain and distress they suffer because of womanly weakness and its allied complaints. They drag themselves around because the conditions of their lives require hard and constant work, and all the time they are suffering untold agonies. Much of this pain and suffering can be avoided if a little intelligent care is taken of the system. There are many causes that throw the delicate human mechanism out of order, and until this is put right again all kinds of suffering and distress are sure to be the result. Sometimes only a trifle puts things wrong, and if corrected at once no evil results occur, but if allowed to go on from day to day it is the certain beginning of much pain and misery.

The disordered stomach produces Constipation and Biliousness, thereby preventing proper nutrition, assimilation and digestion of the food that is taken to strengthen the body. In such cases the food does more harm than good. The entire system becomes weakened and open to the ravages of attack from all kinds of prevalent epidemics and diseases, and it should stand every man and woman in hand for their own sakes, as well as those depending on them to keep the body free from masses of decaying corruption within which poison the blood, and are the direct cause of half the misery which the human race is heir to. Safety lies in this fact alone, and it is for this reason that Doctors and Nurses, who are taught this plain truth from the beginning of their training, seldom contract diseases, although constantly among cases of a highly contagious and infectious character. They take in the germs like other people, but they pass off through the regular channel, instead of finding a place to incubate in some corrupt corner of the intestines, producing the inevitable result.

In Dr. Morse's Indian Root Pills there will be found a remedy without equal; they get at the cause, they cleanse the stomach, purify the blood, aiding the digestion and assimilation of food, and tone the entire system. In all cases of womanly weakness they are unequalled, producing regularity, drying debilitating drains, strengthening the entire system. No woman should be without them, and once tried every woman knows they are all that is claimed for them as a marvellous cleansing and purifying remedy. Read what men and women in all parts of Britain say of them, and in each case the statement published is worthy of the fullest confidence and belief, for in no case has any inducement been offered or given to make the statement, but they are the thankful expressions of people who have benefited, and who freely have allowed their names and addresses to be published so that other people could be benefited by their experience.

Practically saved her LIFE

MOST EFFECTIVE

Mrs. L. Billingham (from a photo).

Recommended Especially to Married Women.

WOMEN in all parts of Great Britain are finding in Dr. Morse's Indian Root Pills just the remedy they require for ailments peculiar to their sex. Before and after childbirth these Pills are unexcelled. The letter and also the photo which appear herewith are from a lady who has tried Dr. Morse's Indian Root Pills, and, like thousands of others, only has the highest praise for them as an effective woman's remedy.

4, SHREWSBURY FIELDS,
SHREWSBURY ROAD, SHIFNAL.

GENTLEMEN,

I have much pleasure in informing you that your Pills practically saved my life. After my child was born I never recovered, suffering terrible internal pains, and also pains in my back. I spent pounds on Doctors' bills, but nothing gave me any ease, and I became so ill I despaired of ever getting better. One day, coming across one of your pamphlets, I decided to give your famous Dr. Morse's Indian Root Pills a trial. I felt an improvement from the start, and continued the Pills until I felt a new woman. I think every married woman should keep a bottle in the house. I recommend them for Constipation, and feel it my duty to let everybody know what wonderful Pills they are. I shall be pleased to answer any enquiries regarding what I have written as to the amount of good I have derived from Dr. Morse's Indian Root Pills.

MRS. LOUISA BILLINGHAM.

"LIKE A LARK."

Toning Effect Produced by Dr. Morse's Indian Root Pills on Mansfield Man.

THERE is nothing wonderful in the fact that Dr. Morse's Indian Root Pills made Mr. Dennis, whose testimonial appears below, feel "like a lark," beyond the fact of their wonderful liver-toning qualities. They acted on the liver in such a manner that the system became as Nature intended. There is no finer Liver remedy before the public than Dr. Morse's Indian Root Pills. "Having received satisfying benefit from Dr. Morse's Indian Root Pills I am continuing them," says Mr. G. Dennis, c/o. Mr. Soden, King Edward Street, Shirebrook, Mansfield. "I feel quite myself again. I get out of bed like a lark. Before I tried them I used to be called two or three times before I could get out. I shall always recommend them to my friends, for I have great faith in their marvellous toning qualities."

Head & Stomach Complaints

HUSBAND AND WIFE PRAISE Dr. MORSE'S INDIAN ROOT PILLS

3, CHURCH VIEW, HIGH HOLD,
WEST PELTON, DURHAM.

GENTLEMEN,

For Head and Stomach Complaints your Dr. Morse's Indian Root Pills are really marvellous, and I take this opportunity of thanking you for placing such a splendid remedy on the market. I was indeed a great sufferer from the above complaints, and the medicines I took were of no avail. It was through reading one of the testimonials in your book, relating to the good Dr. Morse's Indian Root Pills had done in a similar case, that I purchased a bottle, which I took with the best results, and now would not be without them. My husband, who is a collier, has been tormented with Heartburn, also Pimples on the face, which were very annoying. He is now, I am pleased to say, much improved in health since taking the Pills, and can follow his occupation in a much more cheerful manner. I have persuaded a brother of mine who is ailing to give them a trial, as I have the fullest confidence in Dr. Morse's Indian Root Pills and that he will benefit by them.

I am, yours very truly,

(Signed) ISABELL GLISTER.

Signed also by THOMAS GLISTER.

A NEW WOMAN.

Remarkable Change in Condition following a Course of Dr. Morse's Indian Root Pills.

"It is a pleasure to me to inform you of the remarkable change in my condition," says **Mrs. A. J. Young, of Heslington Lane, Fulford, York,** "after persevering with a course of Dr. Morse's Indian Root Pills, which has practically made me into a new woman. I do not want to trouble you with details of my sufferings while enduring the agonies of Indigestion and Wind around the heart; suffice it to say that for thirteen weeks at a stretch I was unable to perform my usual household duties, and had to get outside assistance. It is now six months ago since a friend recommended me to take Dr. Morse's Indian Root Pills, which advice I happily took, and am now enjoying better health than I have experienced for many a year. I am thankful to say I am able to fulfil my family duties without the hitherto necessary help, and shall always recommend Dr. Morse's Indian Root Pills wherever I can."

"ENTIRE SATISFACTION."

"So pleased am I," writes **Mrs. J. Thorpe, of Fulford Road, Fulford, York,** "after taking Dr. Morse's Indian Root Pills, with the results of your wonderful Medicine, which I took for Indigestion, that I write to express my entire satisfaction. I find that by taking two or three Pills at regular intervals they now keep me fit and well."

THE BEST MEDICINE FOR CONSTIPATION & INDIGESTION

Mrs. Pratt (from a photo).

"Natural and Gentle Action," says Sheffield Woman.

WHERE other remedies had failed to bring relief, Dr. Morse's Indian Root Pills proved effective in the case of a Sheffield lady, whose letter appears below.

26, GARTH ROAD,
SHEFFIELD.

DEAR SIRS,

For some years I have suffered acutely from Constipation and Indigestion, and could not find relief for days together. I tried various treatments, but to no avail. Some time ago a friend persuaded me to try Dr. Morse's Indian Root Pills. I did so, and am thankful to say I found relief after the first dose. They brought about a natural and gentle action, and I am glad to say they do not purge, as the majority of so-called remedies do. I have recommended Dr. Morse's Indian Root Pills to my friends, as I cannot speak too highly of them, and consider them to be the best medicine which can be produced for Constipation and Indigestion.

Yours truly,

(Signed) MRS. MABEL PRATT.

Day and night, sunshine and shadow, are not more different from each other than a healthy from a sickly woman. The woman who suffers from ill-health casts a shadow on her own happiness and the happiness of others. She cannot help it. Those who suffer cannot smile and sing. Ill-health in woman is usually traceable to disease of the delicate womanly organism. Many women have been restored to happiness by the use of Dr. Morse's Indian Root Pills. They establish regularity, heal inflammation, purify the blood, and keep the Bowels, Liver, and Kidneys in perfect working order. The stomach is kept clean and pure, the food being perfectly digested the body is nourished and strength increases. That Dr. Morse's Indian Root Pills are woman's Best Friend is vouched for by thousands of grateful women who have been restored to health and happiness, and who now enjoy comfort and ease.

BILIOUSNESS

THERE are many causes of this complaint, but they all spring from a disordered liver, which does not properly fulfil its functions, and which causes that organ to become sluggish in its action. The bile is turned from its proper channel and enters the blood, and the person so affected is demoralised throughout his entire system.

The presence of biliary poison in the blood upsets the entire digestive system, causes dull pains and uneasiness in the right side and shoulder blade, a bitter taste in the mouth, sudden dizziness on rising, spots floating before the eyes, furred tongue, bowels loose one day and constipated the next. All or any of these symptoms may accompany the bilious condition, and while so affected life is scarcely worth living.

Dr. Morse's Indian Root Pills relieve this trouble speedily. They open the clogged-up system, purify the blood, and cleanse the stomach, causing the human mechanism to work smoothly and easily. On the appearance of bilious symptoms a dose, from two to four, of Dr. Morse's Indian Root Pills should be taken, the larger dose for a more robust grown person; the next night increase the dose one extra pill, and if the trouble is not relieved another dose should be taken. A little experience will guide the patient in the use of the pills so as to produce the best effects. People differ in the way the medicine affects them, and consequently no invariable rule can be given.

REVOLTED AT SIGHT OF FOOD.

Digestive Conditions Corrected by Dr. Morse's Indian Root Pills.

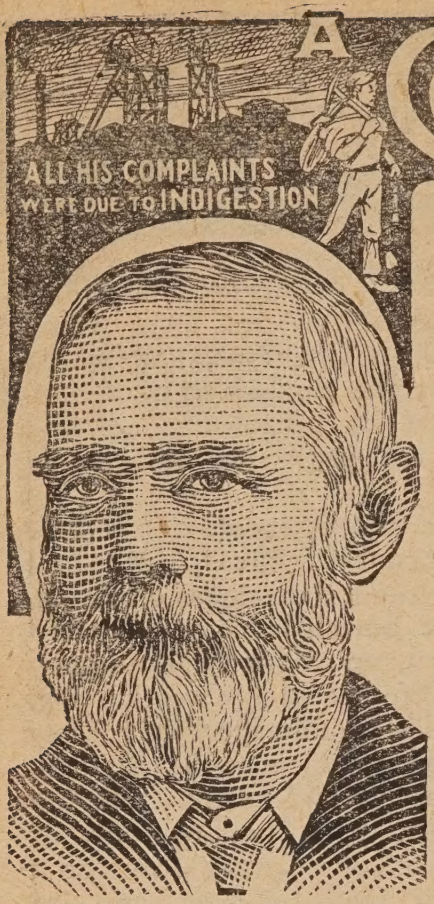
"Allow me to testify," writes **Mrs. Emily Stuart, of St. James' Green, Thirsk, Yorks.,** "to the wonderful benefits derived from taking Dr. Morse's Indian Root Pills. In my case I endured all the inconveniences caused by Biliousness, and many a good meal I had to do without owing to being unable to bear the sight of it. It was most fortunate for me in having my attention attracted to Dr. Morse's Indian Root Pills, as they certainly have proved a blessing to me, and I have enjoyed far better health since I have taken them."

RHEUMATISM.

Had a Most Telling Effect from the First.

"For a sound remedy for Rheumatism," says **Mrs. Maria Barrett, of 12, Appleby Terrace, St. Paul's Street, Hull,** "I was told to take Dr. Morse's Indian Root Pills, and can most heartily recommend them as such. No one can describe the ordeal I went through when suffering from Rheumatic pains. I have taken several bottles of your Dr. Morse's Indian Root Pills, and from the first they had a most telling effect on me, and now I have freed myself from those stabbing pains. They are, indeed, a most wonderful Pill."

A Collier's Testimony



Mr. C. Lowes (from a photo).

Great Relief from taking Dr. Morse's Indian Root Pills.

AFTER suffering torture from Indigestion, and trying many remedies without obtaining any benefit, and when hope almost had failed, to find something that brought relief, one cannot but regret that the remedy had not been found sooner so as to escape the suffering. Such an one was Mr. Charles Lowes, whose statement is published below. All his complaints were due to Indigestion, and when his stomach was put right he soon found the pains in his head gone and the Piles disapppear.

15, Havelock Place,
"C" Pit, near North Shields,
Northumberland.

Gentlemen,

It was through reading one of your testimonials, which fitted my case, that I determined to try Dr. Morse's Indian Root Pills myself, and my one regret is that I had not done so sooner.

I may say I am a collier, having worked down pit all my life. My sufferings were complicated; I endured violent pains in the stomach, also severe pains in the head, but most agonising of all was the torture I went through with the piles. Only anxious to get cured, or, at any rate, relief, I took to taking many different forms of medicines, besides being attended to by a doctor, but it was simply throwing money away. It may not appear credible, but I testify that the contents of a couple of bottles, which I judiciously took, proved to me the worth of Dr. Morse's Indian Root Pills, for they have indeed got to the cause of my complaint, and the state of my health to-day is better than I ever hoped for. I shall always speak well of Dr. Morse's Indian Root Pills, for as "the proof of the pudding is in the eating of it," so I can speak from experience. You may make use of this, as I shall raise no objection to your doing so. It may be the means of calling another like sufferer's attention to the benefit which obtains through taking Dr. Morse's Indian Root Pills.

I am, Gentlemen, yours truly,
(Signed) MR. CHARLES LOWES.

SUBSTITUTION IS A FRAUD.

Many chemists try to substitute an article of their own for Dr. Morse's Indian Root Pills as being "Just as good." Do not be imposed upon: insist on getting what you want. Substitution is a barefaced fraud on the buyer to secure a bigger profit on a worthless article by the seller. See that you get Dr. Morse's Indian Root Pills, and accept no other.

SLUGGISH LIVER

A London Woman's Experience

Mrs. Barnes (from a photo).

SO few people realise when they have a Sluggish Liver. They do not know that when they feel generally run-down, weak, and with no ambition, that probably the Liver is at fault. There is no remedy for this complaint so effective as Dr. Morse's Indian Root Pills. "By using your wonderful Dr. Morse's Indian Root Pills, I have at last been practically cured of Indigestion and Sluggish Liver," writes **Mrs. A. Barnes, of 18, Palmerston Buildings, City Road, London, N.** "I have been suffering for years, and have tried nearly everything, but without success, until I met a very old friend who advised me to give your Pills a trial, which I did, and now I am more than pleased to be able to say I already feel a different woman, and have only had two bottles. I can assure you I shall never be without a bottle in my house, and can safely recommend them to any of my friends."

Women who value health should never be without Dr. Morse's Indian Root Pills. They are invaluable taken daily in doses of from one to three Pills until relief is obtained. They purify the Blood, promote free and regular conditions, and assist in the digestion and assimilation of food, thereby nourishing the body with new blood, rich and red, which circulating through the veins gives the skin a beautiful and clear appearance, glowing with the tint of perfect health.

THE BOWELS AND THEIR FUNCTIONS.

AS Perfect Health is the greatest blessing that we can enjoy, without which all other blessings are of little consequence, we deem it of great importance to point out the way for you to enjoy it. The bowels must be kept in a state by which they are enabled to carry off the useless matter. They are the main channel which Nature has appointed to carry away everything unnecessary, and it is impossible to tell what a large amount of sickness has been caused by constipation or costiveness; in other words, by not keeping the bowels regular—it is the main road to all diseases; it is the cause of unnatural irritation to the mucous or lining membrane of the bowels. Having lost their natural strength they object to do what is required of them. Hence the bowels become inflamed, and unless you find a speedy relief a thousand other complaints are ever ready to drag you through a miserable and wretched life. Such medicine must be given as will cleanse the stomach and bowels, and restore their natural strength. To accomplish this there is no compound so valuable as these Pills; all other medicines sink to utter insignificance in comparison; it seems as though the Author of Nature had designed them for this, as well as other complaints. From two to four Pills will increase strength and appetite, and cleanse the stomach and intestines from whatever is injurious. Dr. Morse's Indian Root Pills are unlike other medicines, they do not weaken, sicken, or gripe, and are purely vegetable.

NESSES.

Dr. Morse's Indian Root Pills. Space does not permit publishing all the others from reputable and reliable people—men and women—at home lied Complaints arising from Disordered Stomach, Liver and Kidneys, hes, Eczema, and Rheumatism (caused by the Blood Impurities). Though , Justice has no need for so many, but a few are selected, and the case is efficacy of Dr. Morse's Indian Root Pills, if their evidence were required any Court in the land. The testimonials published in this book should are plainly given, and in each case they have been given freely, without any ve tried Dr. Morse's Indian Root Pills and proved for themselves they are ture that people who believe "that all men are created of one blood" belie of the fact; if Lord Somebody is cured of a boil, then the medicine must r and tramp. It is made in the same way, of digested food; it is circulated ne other eruption, like the commonest of his subjects. The medicine that Indian Root Pills purify the blood—anybody's blood, everybody's blood.

INDIGESTION

Digestion is the process of Assimilation of Food, whereby the Body is Nourished.

IT is not the quantity of food we eat, but what we digest and assimilate that nourishes the body. When the Stomach and Organs of Digestion and Nutrition are diseased, and the food eaten is only imperfectly digested, there is loss of nutrition, and the body loses strength as a natural consequence. Not only does the system suffer from lack of nourishment, but the derangement of the organs must inevitably cause further complications. Indigestion is a most prevalent source of Constipation, which in its turn causes a disordered liver, and finally you become burdened with Chronic Dyspepsia. Indigestion invariably arises from improperly prepared food, hasty eating, over-indulgence, fatigue, and exhaustion during hot weather, breathing foul air, excessive brain work, and more frequently from cares and worry, which exhaust the nervous force and weaken the organs of digestion. DR. MORSE'S INDIAN ROOT PILLS are a safe, sure, and reliable remedy for all stomach complaints. They aid in the digestion and assimilation of food, and in a mild and gentle manner regulate the system, restoring the weak and dyspeptic to health and strength. They give you clean bowels, a healthy stomach, a lively liver, active kidneys, and blood that is rich and red.

"NO FAIRY TALE,"

"But the Plain Truth," says Hull lady, who Derived Great Benefit from Dr. Morse's Indian Root Pills for Rheumatism.

"The agonies I suffered at times from Rheumatism," says **Mrs. Rose Atkinson, of 6, Pleasant Place, Walker Street, Hull,** "was well-nigh unbearable. The doctors could only give me temporary relief; I tried several Patent Medicines with no effect. It was, therefore, a gleam of hope when, after taking a course of Dr. Morse's Indian Root Pills, I began to feel a marked change in my health, and after a few bottles I can honestly say I have had no return of the agonies which I formerly endured. This is no fairy tale, but the plain truth of the benefit which I derived from Dr Morse's Indian Root Pills."

SEVERE HEADACHES.

Relief from Dr. Morse's Indian Root Pills.

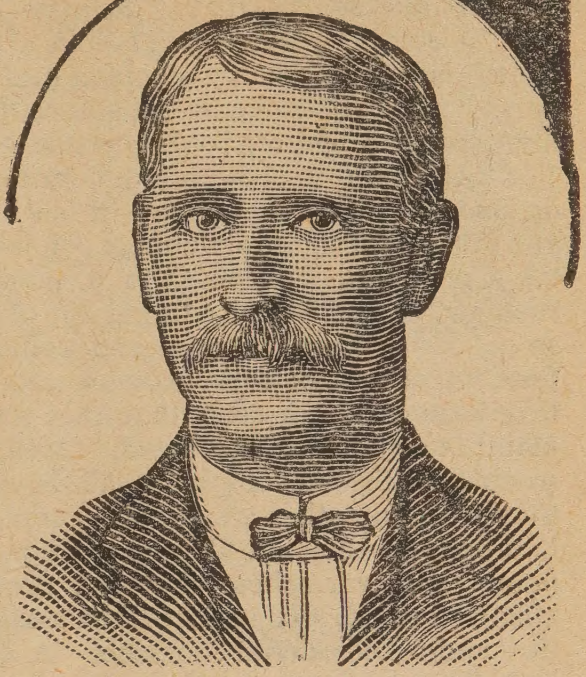
"I have been a great sufferer from severe headaches," says **Mrs. Mary Roberts, of 7, Gray's Houses, Bolden Colliery, near Sunderland,** "and my general health was much affected. Needless to say I tried many so-called remedies, in the hope of obtaining permanent relief. I had my attention drawn to your Dr. Morse's Indian Root Pills, and can now testify to their efficacy, for, after taking them at regular intervals, I can honestly say the pains in my head have now disappeared. My husband, whose testimony you already have, I am thankful to say is keeping well, and we both look on Dr. Morse's Indian Root Pills as the Household Medicine."

Praise from Husband and Wife

ACUTE INDIGESTION

Husband and Wife Highly Praise Dr. Morse's Indian Root Pills.

Suffered Acutely from Indigestion and Nervousness.



Mr. Howell (from a photo).

THERE is nothing more gratifying to the Proprietors of Dr. Morse's Indian Root Pills than to have the strong statements of responsible and respectable people telling of the benefits derived from the use of their Pills. In the statement published below a husband and wife both highly praise this remedy for the benefit they have derived. The husband suffered from Indigestion, and the wife from a nervous condition which, unless corrected, would undermine the digestion and general health. In both cases Dr. Morse's Indian Root Pills did all that was claimed for them, and are now always kept in the house.

15, ABBEY HEY LANE,
HIGHER OPENSHAW, MANCHESTER.

GENTLEMEN,

Myself and wife would like to inform you of the immense good Dr. Morse's Indian Root Pills have done to both of us. I am a shoemaker by trade, and have suffered acutely from Indigestion, which has been detrimental to me, but am pleased to say that by the frequent use of Dr. Morse's Indian Root Pills a most marvellous change has been brought about, much to my benefit. My wife has long been a sufferer from Nervousness, and tried numerous medicines, but found nothing to equal Dr. Morse's Indian Root Pills, which act so mild and gently on the system. Having benefited so greatly by the Pills, we recommend them to people at each and every opportunity, and give you our consent to make what use you like of this.

Yours truly,
(Signed) MR. JOHN HOWELL.
MRS. A. HOWELL.

FOUL BREATH

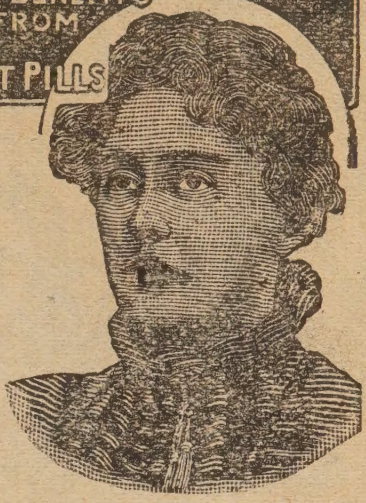
THE old saying that "distance lends enchantment" was never more aptly to the point than when applied to those people whose breath is laden with evil-smelling and offensive odours. Many persons appear most attractive at a distance, but produce a feeling of pity and disgust when approached because of the condition of their breath. For instance, it makes little difference how beautiful a woman may be or how charming her manner, if her breath is foul her charm is gone, and she is at a disadvantage whenever she comes in contact with other people. Foul breath in a woman arouses in man a feeling of repugnance and a desire to get out of the company of such a woman as quickly as possible, and even women will avoid her. It is, therefore, important for every woman who values her personal attraction to take such care of herself that this unpleasant and unnecessary complaint is avoided or corrected. Men, women, and children who are troubled with this complaint will drive their friends away more rapidly than with any other affliction. People do not realise their breath is bad because they are like those who are constantly employed among paints and varnishes—they get used to what is to others a most offensive smell. In nearly all cases this condition is due to Constipation and a Disordered Stomach. A coated Tongue, slight Headache, and Feverishness are the sure signs that the digestive organs are retaining quantities of Impurities from which the system should be free, thereby causing the breath to become charged with the foul odour. In Dr. Morse's Indian Root Pills there will be found a searching, cleansing remedy which will drive the masses of decaying corruption—that poison the Blood and contaminate the Breath—from the system through the regular channel. They get at the cause as no other remedy does. They get at the foundation of the complaint. They give you clean bowels, a healthy stomach, a lively liver, and blood that is rich and red. They are a safe, sure, and reliable remedy, and will prevent many of the common complaints if taken once or twice a week to keep the system in a healthy condition. They are purely vegetable, and their action is not accompanied by any nauseous or griping sensation, but is mild and gentle. For all complaints arising from Imperfect and Impure Blood these Pills are unexcelled.

INDIGESTION.

"I shall always praise Dr. Morse's Indian Root Pills," writes **Mrs. Emma Jane Sheppard, of 4, Pleasant Place, Walker Street, Hull,** "and esteem it a pleasure in writing these few lines to you. I was suffering in a bad way from Indigestion, and was troubled at times with violent Headaches; it was only by taking Dr. Morse's Indian Root Pills that I gained anything like relief, and am more than thankful to say that I am now free from pain, and shall continue to take Dr. Morse's Indian Root Pills."

Kidney Trouble

MARVELLOUS BENEFITS DERIVED FROM Dr MORSE'S INDIAN ROOT PILLS



Mrs. Granger (from a photo).

"I FEEL I do not know how to thank you enough for the benefit I have derived from your Indian Root Pills," writes **Mrs. E. Granger, of 62, Cumming Street, Pentonville, London, N.** "I have been suffering for years from Kidney Trouble and Abscesses, and had tried nearly everything one can mention, until a friend of mine, recently returned from abroad, advised me to try your wonderful Dr. Morse's Indian Root Pills, which, of course, I was only too pleased to purchase at once, being such a sufferer from those dreadful complaints. I have only taken two bottles, and am proud to be able to say I already feel a different woman, can walk about now with ease, and my Abscesses are gradually dying away. I am sure I shall be only too pleased to recommend them to any of my friends whom I know are suffering at all, having proved for myself their wonderful magic power."

TWO LADIES' TESTIMONY.

INGRATITUDE

Not to have Reported Benefit derived from Dr. Morse's Indian Root Pills, says a Newcastle-on-Tyne Lady.

Mrs. Renforth.

"I have found in Dr. Morse's Indian Root Pills an excellent remedy for Indigestion," writes **Mrs. Mary Renforth, of 5, Back Stepney Bank, New Road, Newcastle-on-Tyne.** "It was after taking a few doses that I realized the benefit of them, and discovered that by taking them at regular intervals I became much better in health, and could eat my food without fear of pain; also that nauseating feeling had entirely left me. I should have thought it ungrateful of me if I had not told you of the good I received from Dr. Morse's Indian Root Pills."

INDIGESTION AND FLATULENCY RELIEVED.

Mrs. Foggo.

From this same address writes **Mrs. Sarah Foggo**:—"I do not wish to trouble you with details of the distressing periods which I passed through while suffering from Indigestion and Flatulency, but would like you to know that it was owing to your wonderful remedy, Dr. Morse's Indian Root Pills, that I am thoroughly rid of that dread complaint, and now know what it is to appreciate a hearty meal, which hitherto I was a stranger to. I shall be most happy at all times to let others know of the benefit I received from taking Dr. Morse's Indian Root Pills."

A Cure for Biliousness

Mother and Daughter each get great relief from taking Dr. Morse's Indian Root Pills.

3, Back Lane,
Gallowgate,
Newcastle-on-Tyne.

Dear Sirs,

Being a great sufferer from Biliousness, I was strongly advised by a friend to try your Dr. Morse's Indian Root Pills, which advice, I am most glad to state, I took; for, after a fair trial which I gave them, they have certainly accomplished what they claim to be, "A Cure for Biliousness." My daughter, aged twelve years, has been ailing for some time. I placed her in the hands of a Doctor, but with little result. I then tried your Dr. Morse's Indian Root Pills, and am thankful to say a marked improvement has taken place in her condition, and I am sure a continuation of the treatment will restore her to her former good health. I shall recommend Dr. Morse's Indian Root Pills whenever I can.

I am, yours truly,
(Mrs.) EMILY STAIG.

ECZEMA FOR TEN YEARS.

Cured by Dr. Morse's Indian Root Pills.

THE marvellous Blood purifying and cleansing properties of Dr. Morse's Indian Root Pills are clearly demonstrated in the following statement. Suffering from that most difficult complaint, Eczema, for ten years, Mrs. Warren states that by taking Dr. Morse's Indian Root Pills she completely got rid of it; the Pills improved her general health, the food digested and assimilated better, the blood gradually improved, and this expelled the humours causing the complaint. The statement is as follows:—

27, St. Andrew's Road North,
St. Anne's-on-Sea.

Gentlemen,

I am just sending you a line thanking you for the good Dr. Morse's Indian Root Pills have done me, and also my husband. I scarcely know what to say to thank you enough, but you will see what they have done when I tell you that I had Eczema 10 years, and they have cured me; and a year and two months since my husband broke down with Rheumatic Fever, and has been in two hospitals, but your Pills have done more for him than anything else.

Ever yours truly,
Mr. and Mrs. WARREN.

Phlegm in the Throat

Distressing Conditions Relieved by Dr. Morse's Indian Root Pills.

Statement by two Well-known Blackburn Mill Workers.

25, KENT STREET, BLACKBURN.

DEAR SIRS,

Having had great relief by using Dr. Morse's Indian Root Pills, I think it only fair I should let you know about my case. For years I was suffering from superfluous Phlegm in my throat, which I had difficulty in getting rid of, although harassed with a bad cough. I tried a great many medicines, also paid a doctor's bill, without result. I happened to try a bottle of your Dr. Morse's Indian Root Pills, from which I got some ease, and by continuous use I was completely cured. A friend who lives with me was suffering in a similar way, and I told him what I had used, and got him to try some of your Pills. He did so, with the result that he, like myself, has lost that nasty feeling and got rid of the Phlegm from which he suffered. We are both mill-workers, and we shall recommend Dr. Morse's Indian Root Pills to our fellow-workers.

We are, yours truly,
T. HOLLIDAY.
H. HARGREAVES.

PREJUDICE OVERCOME.

For a Disordered Liver they acted Wonderfully, says Durham lady.

Mrs. H. Todd.

"My scepticism of Patent Medicines has been entirely dispelled," says **Mrs. Harriett Todd, of 9, Tempest Street, Silksworth, Durham,** "by the excellent results of Dr. Morse's Indian Root Pills. For a disordered Liver, from which I suffered, they have acted wonderfully, and I must certainly own that after taking the contents of the first bottle I felt greatly relieved, and can most assuredly say in Dr. Morse's Indian Root Pills I have found the real thing for Liver Complaint."

RECOMMENDED BY A FRIEND.

"Having been suffering for some time with pains in my back," writes **Mrs. Hills, of 21, Crescent Road, West Green, London, N.,** "and getting up in the morning with a tired, languid feeling, a friend very kindly gave me some of your Pills, which, after taking a few doses, I am most happy to say I feel quite a different woman, and shall certainly recommend them to my friends as a most valuable medicine."

Throbbing Headaches

THERE'S many a cause. Men are not often troubled by headaches; when they are it is generally due to Biliousness or Indigestion. But women have headaches which seem peculiar to their sex, frequent throbbing headaches. Does it not seem that such headaches peculiar to women must be at once related to womanly disease? Women who suffer with disease peculiar to the sex do not realise the drain of vital strength and nerve force they undergo as a consequence of disease. It is this that causes the headaches of sick women.

In other cases these pains and disagreeable feelings are generally symptoms of some other complaint, such as Indigestion, Biliousness, and Constipation, all of which are caused by corrupt, noxious matter clogging the circulation; hence a stream or rush of blood to the head, and by the excitement a great pressure on the brain. Giddiness, headache, loss of memory, dimness, loss of sight, and various other complaints are the result. Thus it will be seen that all the above painful and distressing maladies owe their origin to the blood. Dr. Morse's Indian Root Pills are acknowledged to be the only medicine that will thoroughly purify the blood. They enter the stomach and unite with the blood, and follow the stream of life on its journey through the system. They root out all foulness and impurity, and drive out every unhealthy obstruction. They should be taken every night in sufficient quantities to operate freely, by commencing with two pills on going to bed, three the next night, four the next; if the symptoms are not removed, commence again with two pills and go up again as before. Continue in like manner until the blood is thoroughly purified, and all pain and distress is entirely removed.

ULCERATED STOMACH.

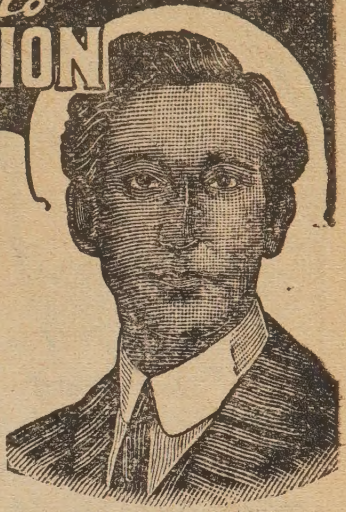
"Wasted away to a Living Skeleton."

Wonderful Change Produced by Dr. Morse's Indian Root Pills.

"IT may interest you to know," writes **Miss May Kingsley, 21, Scarboro' Street, Byker, Northumberland,** "that in Dr. Morse's Indian Root Pills I found a remarkable remedy for the complaint from which I suffered—an ulcerated stomach. For years I literally wasted away to a living skeleton, and was terribly anæmic. The doctors I consulted did me little or no good. I was indeed glad when, after trying a sample bottle of Dr. Morse's Indian Root Pills, which you kindly sent, to find that my health began to improve, and having persisted in giving them a thorough trial, I have so altered that even some of my friends have remarked on the change in my appearance, for I may say I have put on flesh and gained wonderfully."

There is no complaint more difficult to deal with than Ulcerated Stomach, and the fact that Dr. Morse's Indian Root Pills effected the result they did in the case of Miss Kingsley demonstrates again their wonderful properties in aiding in the digestion and assimilation of food and toning the stomach.

I have been a Martyr to PLEURISY AND INDIGESTION for the past six years



Mr. J. A. Doyle (from a photo).

THESE are the words of a Liverpool man, who tells of the benefit he derived from Dr. Morse's Indian Root Pills. "I have pleasure in writing you a few lines with regard to the great benefit I have derived from using Dr. Morse's Indian Root Pills," writes **Mr. J. A. Doyle, of 15, Hutchinson Street, West Derby Road, Liverpool.** "I have been a martyr to Pleurisy and Indigestion for the past six years. I have been treated by doctors in London and Liverpool, only to get slight but temporary relief. Some time ago a friend of mine asked me to try Dr. Morse's Indian Root Pills, which I did for a few nights, with the result that the Pleurisy in my side (from which I suffered great agony) has disappeared as if by magic. Sleep was out of the question, but now I sleep well, and can rise in the morning free from drowsiness and that nasty taste in my mouth. I may also state that I am a canvasser for a Liverpool house, and my work exposes me to all sorts of weather; but I am now fully prepared for the weather, as I am armed with a bottle of Dr. Morse's Indian Root Pills. I am very thankful for having come to know of your Pills, and I for one shall never be without a bottle, and shall always recommend Dr. Morse's Indian Root Pills to my friends."

RHEUMATIC GOUT.

Astonished at the Result after taking Five Bottles.

"No words of mine can express how thankful I am for the marvellous cure which has been effected in me by your Dr. Morse's Indian Root Pills," writes **Mrs. Alice Thompson, of 38, Knot Hill, Barton-on-Humber.** "For years I suffered from Rheumatic Gout, and was so helpless at times that I could not walk from my bed to the fireplace. When all else had failed I thought I would try Dr. Morse's Indian Root Pills, and sent for a sample, which you promptly despatched. I am delighted to say it proved the turning-point in my condition, and finding I was on the right track I purchased altogether five bottles, and was really astonished at the result, for I am now able to move about freely; in fact, I go into the town and do my own shopping. When I tell you I am seventy-eight years of age, and have brought up a family of seven, you may realise how beneficial Dr. Morse's Indian Root Pills have been in my case."

WEAK AFTER OPERATION.

Health and Strength Regained by a few doses of Dr. Morse's Indian Root Pills.

"About twelve months ago," writes **Mrs. Elizabeth Scott, 2, William Street, Pennys Lane, Northwich,** "I was operated on for tumour, but although the operation was a success, I never regained strength, and my body and legs swelled up so much that I was afraid I had dropsy. One day, one of your books was left at my house, and I determined to try your Pills. After taking one bottle the swelling went down, and by persevering with them I am feeling better than I have for years, but would not be without them in the house, and always recommend them to my neighbours."

Great Female Remedy

says she is a different woman

Mrs GREGORY
(From a Photo)

After taking Dr. Morse's Indian Root Pills.

WOMEN of all ages find Dr. Morse's Indian Root Pills a necessity, and derive the greatest benefit from their use, as did **Mrs. A. Gregory, of 20, Palmerston Buildings, City Road, London, N.,** who writes:—"I do not know how to thank you enough for the benefit I have derived from your wonderful Indian Root Pills. I have suffered with my chest, also Nervous Debility, for years, and have been under different Hospitals, which have only eased me for a time. I was advised by a friend of mine, who has taken your Pills, to give them a trial, which I did, and have been taking them ever since. I am happy to be able to tell you now that I feel a different woman, my chest is much stronger, also my nerves, and I shall never be without them in my house. I shall be only too pleased to recommend them to any of my friends, having proved their wonderful value myself."

BRONCHIAL TROUBLES

Relieved by Dr. Morse's Indian Root Pills, says Durham lady.

Mrs. Rachel Robinson.

"Some time ago I wrote for a sample bottle of Dr. Morse's Indian Root Pills," says **Mrs. Rachel Robinson, of 22, Charles Street, Silksworth, Durham,** "which you were good enough to send me, and since then I have purchased three bottles, and now I feel I must tell you the good they have done me. For several years I suffered from Bronchial troubles, which affected me very much. I took no end of medicine, but nothing brought about the change I naturally expected. It was then I decided to try your Dr. Morse's Indian Root Pills, and from the first I discovered what a valuable medicine they were. So delighted was I with them that I purchased three bottles, and indeed they have accomplished wonders with me, and I am most thankful to say my health has considerably improved. I shall thoroughly recommend them."

WITHOUT A RIVAL.

Suffered from Gastric Stomach, and found Dr. Morse's Indian Root Pills greatly Beneficial after other So-called Remedies Failed.

Mrs. Mary Walls.

"My experience of Dr. Morse's Indian Root Pills," writes **Mrs. Mary Walls, of 31, Bermondsey St., Shieldfield, Newcastle-on-Tyne,** "is that they stand without a rival. For over two years I suffered from a Gastric Stomach, and try as I might I could not get anything to give me that benefit which your Dr. Morse's Indian Root Pills gave me. After giving them a good trial I discovered my health was rapidly improving, and I could go about my daily toil in a far brighter manner than I did before. I shall certainly recommend them wherever I can, as I look upon Dr. Morse's Indian Root Pills as a Family Medicine."

COMSTOCK'S "Dead Shot" Worm Pellets

A SAFE, SURE, AND RELIABLE REMEDY FOR THE ERADICATION OF WORMS IN CHILDREN AND ADULTS.

WORMS, by their movements, and the interruption they offer to the contents of the bowels, generally occasion pain or uneasiness in the abdomen, sometimes spasmodic, sometimes gnawing or biting, and not infrequently of a vague, indescribable character, and yet very distressing. Sympathetic with this is a sensation of itching at the anus and at the nostrils, producing a disposition to scratch the fundament and pick the nose, which is characteristic of this affection. The bowels are often disordered, sometimes constipated or stopped, and sometimes relaxed with occasional bloody discharges, as in dysentery. The discharge is sometimes in shreds or flakes, which are not infrequently mistaken for fragments of partially digested food. It is not uncommon for portions of undigested food to pass with the discharges. The appetite is exceedingly variable; in some cases natural, in others deficient, craving, or depraved; one condition not infrequently alternating with another. The abdomen is often hard, swollen, and tympanitic, the breath heavy or fetid, and tongue furred, with disagreeable taste, and a copious flow of saliva; swelling of the upper lip, bleeding of the nostrils, and disposition to grind the teeth during sleep, are other characteristic symptoms. The effects, however, often extend beyond the alimentary canal, and various derangements of health are experienced in consequence either of the direct irritation of the worms or of the disordered digestion which they occasion. Among the most common of these are nervous affections, such as fretfulness, irritation of temper, wakefulness, or disposition to excessive sleep, disturbed sleep, sudden starting out of sleep as if from fright, dizziness, spasmodic movements of the eyelids, dilated pupils, perverted vision, temporary blindness, and deafness. General convulsions are not infrequent in children, and symptoms strongly resembling "Water on the Brain" have been ascribed to worms, and have ceased on their expulsion.

Grinding the teeth and starting when asleep.

Picking the nose is a common symptom.

Cases of St. Vitus' dance, melancholia, and nervous diseases, and even insanity, have been attributed, with the most apparent reason, to the same cause. In addition to these affections may be mentioned obstinate cough, spasm of the glottis, palpitation, languid circulation, pale and yellowish skin, sunken eyes, a livid circle about the eyelids, and a general emaciation. This condition is often accompanied by fever, and is then called worm fever. Persons in apparently perfect health may be afflicted with worms, and the only symptoms may be periods of irritableness, or a constant desire for something to eat, which may last for months until the system breaks down, and the worms manifest their presence in some other manner.

Worms have frequently been described by medical men as "The Children's Enemy." Undoubtedly there is no greater Enemy to Health, Happiness and Comfort of Children than the presence of Worms in the Stomach and Intestines, causing an indescribable irritation and gnawing in the Bowels, which upsets its victim, impairs the health, spoils the temper, and drives the

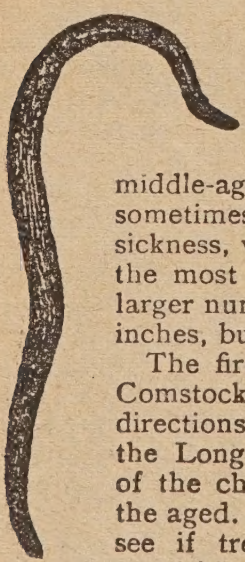
mother to distraction, and earns for the little innocent the harsh and undeserved reputation of being a "Cross Child."

Unfortunately, many mothers fail to recognise the fact that their little ones are suffering intense pain and distress, and are practically irresponsible for the outburst of temper, restlessness, and peevishness, and until some more serious symptoms appear nothing is done to alleviate the distress. The symptoms of this disease are somewhat variable, but generally they are so characteristic that no mother need have any doubts. The best proof of worms, is worms, and if the general conduct of the child is such as to give the slightest suspicion, an examination of the stools (evacuation from the bowels) will afford ample proof.

Peevish and restless.

A child who is affected with Thread Worms will often appear to the eye to be in an indifferent state of health. It becomes peevish and irritable in its temper, and complains of itching of the nose, whilst the same symptom may be very prominent indeed in the lower part of the bowel. Another point to which the attention of mothers should be specially directed is that the child is apt to start in its sleep, its repose being in this way of a disturbed nature. Note also that many children who are in the habit of wetting their beds do so by reason of the irritation which these Worms produce in the body, the irritation extending to the bladder and causing it involuntarily to part with its contents.

In every heap of decaying matter there is always to be found a nest of worms. They breed and multiply in impure matter. And so it is in the human system. The accumulation of partially-digested food in the intestines, which becomes putrid when the bowels are constipated, induces the presence of worms. A few doses of Comstock's "Dead Shot" Worm Pellets, followed by a dose or two of Dr. Morse's Indian Root Pills, will disturb them in their nest, and drive them out of the system.

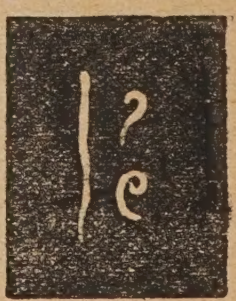


The Long Round Worm.

THE LONG ROUND WORM is the commonest kind of worm from which mankind suffers, and is of a light transparent colour, resembling the ordinary ground worm except that the extremities are more sharply pointed than the ground worm.

Young people are more subject to these worms than middle-aged or elderly people. They live in the bowels, and sometimes make their way into the stomach and throat, causing sickness, vomiting, and choking. Generally, one or two would be the most a person would be affected with, but sometimes a much larger number is met with. The length varies from four to eight inches, but young ones an inch to two inches long are also found.

The first thing to do is to rid the system of the worms, and Comstock's "Dead Shot" Worm Pellets, taken according to directions, are an infallible remedy for the thorough eradication of the Long Round Worm—the common enemy of the child, the youth, the middle-aged, and the aged. After careful inspection of stools to see if treatment has been effective, a light nourishing diet, out-of-door exercise, and, if possible, a change of air, will greatly improve the general health.



Thread Worm.

THREADWORM OR PINWORMS are of very common occurrence in children. They are very small, from ⅛ of an inch to ½ an inch in length, and resemble cotton thread—they are sometimes called seat worms,

and reside in the lower bowel. The chief symptom of this worm is severe local itching, restlessness and irritability, and a frequent desire to urinate, picking at the nose, loss of appetite, and anæmia are also observed.

MOTHER'S STRONG ENDORSEMENT.

MANY children cry for no apparent reason, but when a child cries there is always a reason, and usually a good reason. A common complaint among children is Worms, and when a child has Worms it will cry. First establish the fact of the presence of Worms, and then take Comstock's "Dead Shot" Worm Pellets according to directions. The experience of Mrs. Walshaw should be of interest.

MARYPORT HOUSE, 1, PULMAN STREET, HULL.

GENTLEMEN.—I sent for a packet of your Comstock's "Dead Shot" Worm Pellets for our 16 months old baby, who was crying day and night. We have got all sorts of things for worms, but nothing did her any good till we got your "Dead Shot" Pellets, and she has received the greatest benefit from them, and is a different child altogether. I also bought three bottles of your Indian Root Pills, and think it only fair to let you and the public know the good they have done me for Constipation, as I have been buying everything I could think of and doctoring for fourteen years, and twice I have been laid up in bed, and doctors told me they did not expect me to get better. I have received the greatest benefit from them, and shall recommend them to all I know. We are widely known in Hull, and will always have the greatest pleasure in recommending Dr. Morse's Indian Root Pills and your Comstock's "Dead Shot" Worm Pellets.

Yours respectfully (Signed) MRS. M. E. WALSHAW.

WHAT ANOTHER MOTHER SAYS.

MRS. A. H. WALLACE, of Long Street, Thirsk, writes:—

"Our little Baby, when he was one and a half years old, began having Long Round Worms, which made him very ill, and we were obliged to have a doctor. About six months ago he had a bad attack of them, and was in bed a week, but with a struggle we got him out again. In another attack later we procured some Comstock's "Dead Shot" Worm Pellets, giving them to him on an empty stomach, with the most gratifying results. They have saved me two doctor's bills, and I recommend them to anyone who has children troubled with Worms."

COMSTOCK'S "DEAD SHOT" WORM PELLETS are for sale by all Chemists and Stores at 2/9 per packet, or six packets for 15/-, and if unable to obtain locally will be mailed post free on receipt of price. Prepared only by

The W. H. COMSTOCK CO., Limited, 21, Farringdon Avenue, London, E.C.

COMSTOCK'S NERVE & BONE LINIMENT

COMSTOCK'S Nerve and Bone Liniment is a powerful, penetrating preparation acting through the pores of the skin on the nerves, bones, and muscles.

It possesses the marvellous properties of an immediate pain-killer, and is unequalled as a remedy for the aches and pains to which human beings are subject, and which only an external remedy can relieve.

It overcomes all pains and aches by relieving the effect on the delicate nerves, causing the circulation of blood to be fully maintained through the injured part. It is an invaluable remedy for sprains and for reducing all swellings, which under its powerful influence become softened and disappear.

Rheumatism, Sciatica, and Lumbago all yield to the powerful, penetrating, and conquering properties of this Liniment, if used in connection with Dr. Morse's Indian Root Pills according to directions.

For Stiff Joints, Neuralgia, Lame Back, Scalds, Burns, Contracted Muscles, and Painful Swellings it will be found that Comstock's Nerve and Bone Liniment has no equal. It prevents severe blistering, and draws the burning sensation from Burns and Scalds, and averts discoloration of the skin from Bruises.

FOR BRUISES.

Two or three applications, well rubbed in, will afford almost instant relief from pains, prevent swellings, and avert discoloration.

For Cuts, Small Wounds, or Abrasions of the skin, this Liniment diluted with warm water will be found a perfect antiseptic, cleansing the wound and aiding the process of healing.

Diluted with water and used as a gargle it will cure Quinsy and Bronchitis, Sore Throat and Hoarseness, and all complaints of the Throat and Tonsils. Also use externally, cover afflicted parts with flannel wet with the Liniment.

Catarrh and Cold in the Head are cured by pouring a small quantity of the Liniment into boiling water and inhaling the fumes.

STIFF JOINTS.

From whatever cause arising there can be no greater cause of pain than that afforded by Stiff Joints. Like a badly-fitting door, the bending or straightening of the leg or arm, or the affected part, moves with a jar, so excruciatingly painful that it is only a matter of time before the joint becomes fixed. Bathing, friction, oils, liniments, and ointments have in thousands of cases proved utterly unavailing. Stiff Joints that have resisted all other treatment have yielded to the powerful influence of Comstock's Nerve and Bone Liniment. Persevering use of this Liniment will cause the most stubborn case to relax.

SPRAINS.

A sprain is an injury done to the ligaments of a joint, usually the wrist or the ankle, by accident or over-straining. Sprains are usually attended with much pain and swelling of the part, and sometimes produce fainting and vomiting. Comstock's Nerve and Bone Liniment is an ideal remedy for sprains, and should be applied frequently, and well rubbed in until all traces have disappeared. As Sprains are one of the most frequent accidents, every household should contain a bottle of this valuable Liniment for this purpose if for nothing else.

RHEUMATISM, LUMBAGO, AND SCIATICA.

RHEUMATISM, Lumbago, and Sciatica are three of the most common and most painful complaints in this country, especially prevalent in the cold districts. They practically arise from the same cause, and the names only distinguish the location of the disease. If the arms and legs are affected it is called Rheumatism; if in the loins, Lumbago; and in the hips, Sciatica.

The attacks are generally brought on by chills when the body is over-heated, or by exposure to damp, or cold draughts, which act, not upon the bones or muscles, but upon the Uric Acid in the Blood, which is the cause of the disease. Uric Acid is found in small quantities in many articles of diet, which when consumed pass into the blood. The failure of the Liver and Kidneys to filter and absorb this Acid leads to an accumulation in the system, tends to clog the circulation and harden the tissues forming the blood vessels. Thus every movement of the affected parts causes intense agony. The pains are affected more or less by cold or heat. A damp day will double you up, or the warmth of the bed will intensify the pain. In order to effect a cure, Dr. Morse's Indian Root Pills and Comstock's Nerve and Bone Liniment should be used as directed.

Rheumatism is generally regarded as one of the most difficult ailments to cure, but Dr. Morse's Indian Root Pills have been wonderfully successful, not by merely affording a cessation of the pain, but by driving the poison out of the blood and restoring the joints to their original suppleness.

Those who suffer from any form of Rheumatism, Lumbago, Sciatica, or Neuralgia, should use Comstock's Nerve and Bone Liniment in conjunction with Dr. Morse's Indian Root Pills. These two remedies have been highly successful in all kinds of Rheumatism, because one cleanses the blood of all poisonous substances that cause the disease, increasing the activity of the blood-making glands, while the powerful penetrating influence of the Liniment, acting through the pores of the skin on the nerves, bones, and muscles, overcomes the pain by relieving the effect on the delicate nerves, causing the circulation of the blood to be maintained through the affected parts. Rheumatism, Lumbago, and Sciatica all yield to the penetrating and conquering properties of Comstock's Nerve and Bone Liniment if used in conjunction with Dr. Morse's Indian Root Pills.

General Directions

DR. MORSE'S INDIAN ROOT PILLS should be taken immediately before retiring, or may be taken in the morning an hour or two before breakfast, in which case a warm drink will cause them to act briskly. As the constitution of no two persons is exactly alike, no fixed rule can be given for the number of Pills to be taken at a time. The nature of the case and experience must be the guide. If the action of the Pills is too strong, reduce the dose, if too weak, increase it.

FOR ADULTS.—The usual dose is from two to four, which should move the bowels two or three times, so that the system is thoroughly cleansed. Very delicate persons should begin with but two, and increase as the nature of the case may require.

FOR CHILDREN.—From three months to one year old, half a pill, dissolved in a little water and sweetened, to be taken every night. From one year to four years, one pill. Above that age, from one to two pills.

It should be borne in mind that the pills must be taken in such quantities as will operate two or three times on the bowels, otherwise you will not receive the full benefit. As they are purely vegetable, they may be taken, not only without danger, but with perfect safety, and great benefit may be realised in every case.

Dr. Morse's Indian Root Pills may be administered to children in the form of a powder by crushing the pill, and placing it in a spoonful of jam. This method is often resorted to by adults who experience some difficulty in swallowing a solid.

A LITTLE COMMON SENSE.

In using any kind of medicine a little common sense is always necessary. Dr. Morse's Indian Root Pills are compounded to meet the general requirements of man, woman and child, both weak and strong, and in prescribing the doses of from one to four pills, the actual number necessary in each case must be determined according to the age and condition of the patient. A dose, however, should be sufficient to move the bowels at least twice, and although relief may be obtained at once, it is always advisable to take a Pill or two on the following night. In some instances the first dose may cause a little pain and sickness, which will not recur subsequently. The cause is due to the large flow of bile into the intestines, which the Pills have let loose by opening the congested ducts which have been clogged up perhaps for months. Do not blame the Pills if under these conditions you feel sick. You will feel better afterwards, and if you adopt Dr. Morse's Indian Root Pills as your regular medicine there is no likelihood of your liver getting in the same state again.

CAUTION. **The W. H. Comstock Co., Ltd., are the Sole Proprietors and Manufacturers of DR. MORSE'S INDIAN ROOT PILLS, and they will prosecute to the full extent of the law any counterfeit or infringement of their registered trade mark or label. The Pills are packed in amber-coloured bottles with the full name shown thereon, and are wrapped in a blue label bearing the signature of W. H. COMSTOCK.**

William Walker & Sons (Otley) Limited, Printers, Otley, Yorks.

THE TEST OF TIME.

FOR nearly a century DR. MORSE'S INDIAN ROOT PILLS have been sold in the United States of America, Canada, The West Indies, and South America, and at the present time have a larger sale in these countries than ever before in their history. About fifteen years ago they were introduced into Australia and New Zealand, and immediately commanded the largest sale of any medicine in those colonies. **(Last year nearly one million bottles were sold in Australasia alone).** More recently they were introduced to the British Public, and as they gradually became better known there has been a constantly-increasing demand, due solely to their intrinsic merit and medicinal value. Their name and reputation stand higher in public estimation than all others, and their ever-increasing sales bear testimony to their merit and popularity. Thousands of people are taking them, and neighbours, friends, and relations all testify to their marvellous cleansing and healing properties.

A HOUSEHOLD REMEDY

The Standard Family Medicine

THROUGHOUT Great Britain Dr. Morse's Indian Root Pills are rapidly becoming a Household Remedy, and the antidote for all general ailments. In thousands of homes the little amber bottle is the sole medicine chest; for, whatever the complaint, the bowels must be kept free, and the process by which the blood is purified must be stimulated to throw off the poison in the blood, which is the cause of all disease. The many wonderful cures effected by Dr. Morse's Indian Root Pills have awakened the interest of all classes of the community to the merits of these Pills. Years ago, pills were the medicine of the poor only. To-day, the efficacy of Dr. Morse's Indian Root Pills to overcome the common ailments of mankind has convinced not only the working section of the population, but the more wealthy, professional, and independent classes, that Dr. Morse's Indian Root Pills are the best family medicine. Dr. Morse's Indian Root Pills have come to stay. They are an efficient, reliable, and safe remedy, placed on the market at a price within the reach of all. The Pills, being sugar-coated, are pleasant to take, and retain their full medicinal properties. They are packed in amber-coloured bottles—not in cheap wooden or pasteboard boxes—and are thus always fresh and clean, impervious to moisture, unaffected by climatic conditions, and do not deteriorate by keeping, as all liquid medicines do.

The prudent housewife always keeps a bottle in the house, for she has learnt by experience that Nature occasionally requires some assistance, and that this assistance is best afforded by prompt recourse to Dr. Morse's Indian Root Pills. Many a serious illness may be prevented by the timely use of these Pills checking the disease in its primary stage. Dr. Morse's Indian Root Pills, being vegetable, do not weaken, sicken, or gripe, and may be taken with perfect safety by the most delicate woman or the youngest child. The old and feeble will also find them a most suitable remedy for aiding and strengthening their weakened constitutions. Dr. Morse's Indian Root Pills are a perfect Blood Purifier, and a safe and Reliable Remedy for Biliousness, Constipation, Indigestion, Headaches, Sallow Complexion, Liver and Kidney Troubles, Piles, Pimples, Boils, and for Female Ailments.
